This press release contains statements that the Company believes to be “forward-looking statements” within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. All statements other than historical facts, including, without limitation, statements regarding the offering and the use of proceeds from the offering, are forward-looking statements. Currently, one of the most significant risks is the potential adverse effect of the current pandemic of the novel coronavirus, or COVID-19, on the financial condition, results of operations, cash flows and performance of the Company and its tenants, the real estate market, the global economy and financial markets. The extent to which COVID-19 impacts the Company and its tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, and the direct and indirect economic effects of the pandemic and containment measures, among others. Moreover, investors are cautioned to interpret many of the risks identified in the risk factors discussed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2019 and other filings with the Securities and Exchange Commission, as being heightened as a result of the ongoing and numerous adverse impacts of COVID-19. When used in this press release, words such as we “expect,” “intend,” “plan,” “estimate,” “anticipate,” “believe” or “should” or the negative thereof or similar terminology are generally intended to identify forward-looking statements. Such forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in, or implied by, such statements.
